

Roll-Ups...

When can I roll-up? The green is open from 10.00 am 7 days a week during the playing season subject to green maintenance or adverse weather conditions.

When can roll-ups take place? Roll-ups can take place where rinks are available, after allowing for County or Club Competitions, Matches or Training as noted under the times of play for that day in the Club **Diary** on BowLR.

What's the most popular time to roll-up? The most popular time is 10.00 am, however it is **not** permitted for a group to detach itself from the roll-up procedure below and make their own rink of play.

How long does the roll-up last? It is down to members rolling-up whether they play the two-hour session (and members not electing to do so must not be excluded). Games must not overrun their slot.

Can I arrange my own roll-up? Members may arrange their "own" roll-ups but where another member rolls-up at the same time they **must** be allowed to join in subject to numbers/rink availability.

Can I roll-up on my own? A member may wish to roll-up on their own and this is permissible if a rink is available and general roll-ups have been accommodated.

Why should I check the Club Diary? Always check the Club **Diary** in BowLR before you roll-up. The **Diary** is where you will find details of rink availability, bookings, rink closures for maintenance, matches and competitions.

Roll-Up Procedure...

1. Players' roll-up discs must be placed on the table at least 15 minutes before the start of the session e.g. 9.45 am for a 10.00 am start. This gives time for teams and equipment to be arranged – players arriving later may find themselves excluded).
2. All the discs must be placed face down together and mixed up.
3. After separating the discs into rinks/teams turn the right way up to show players in each team.
4. Rink numbers should be allocated in accordance with the rink order of play listed on the outside chalk board, check that you follow the correct rink order.

What about BowLR?

Members rolling-up don't need to do anything on BowLR. Just roll-up as usual and put your name disc out. You can let members know you (and others) are rolling up beforehand on BowLR. Go to **My Account** then **My Roll-up/National/County matches** on the left.

To make a new "booking" click '**Make a new booking**' and choose a date. Select a rink, find a free session, hover over and click '**Book slot**'. In the "pop up" box leave 'Agreed confirmed booking request' and 'Open Play' options as they stand, enter your name and those of others joining you.

Click the '**Submit booking**' at the bottom of the box. You'll see your booking in the Roll Up list on your account page and receive email confirmation. To remove/cancel a "booking" click the '**Remove**' button in the list to the right.

If you book a roll-up the rink "booked" will not be the rink you play on. Check the outside chalk board between the changing rooms for the daily priority of rink usage.

Happy Bowling!

The Bowls Committee – Amended April 2024
